A vertical column of five meters. The top meter has a scale from 0 to 10. The four meters below it have scales from 0 to 100. Each meter has a needle and a label.

A small square meter with a needle and a scale from 0 to 100.

A rotary switch with a white knob.

A central control panel featuring a small meter at the top, a red button, a green button, a yellow meter, a green button, and a red button. Below these are two columns of buttons: the left column has a green button, a red button, and a green button; the right column has a red button, a green button, and a red button.

A rotary switch with a white knob.
